Recent Projects

MOI Ports Project (Shuwaikh, Shuaiba, Doha, Ahmadi north, Ahmadi south)

Installing & commissioning a turn-key project which contains more than 300 outdoor cameras with different pole heights up to 12 meters designed and manufactured by us to insure the best quality and coverage results and including all civil work required for laying more than 20 KM of fiber optic cabling and electrical wiring.

Al Maousherji Catering Company Project

Orient Eagle is responsible for all passive component work for McDonald Kuwait's 83 branches to prepare the basic layer for related systems, along with CCTV maintenance, replacements and new branches installations (2016-Till now). In addition to, maintaining all cabling & CCTV issues in all branches within 2-4 hours.

Asset Management Tagging & Data Collection Project

Project was a subproject of Asset Management Application, where IT Equipment, Machinery and Furniture was tagged and labeled, populated related data in to defined tabular file format that was uploaded on completion of each branch of total 75 branches. The Bank is currently using their Asset Management successfully on completion of project.

"Rank does not confer privilege or give power. It imposes responsibility..."

Network Cabling Infrastructure & Civil Work

Data Centers

A specialized and experienced engineers are needed when we talk about Data centers. Therefore; Orient Eagle is a land mark for designing and implementing up to standers and most efficient data centers.
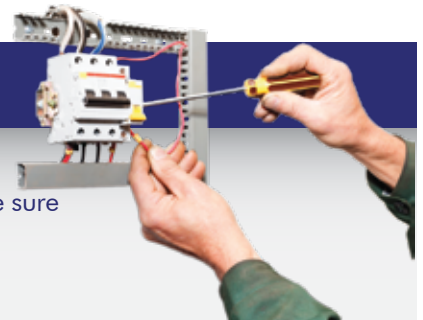

Poles

We design and manufacture heavy duty, different Heights, thickness & designs to meet site conditions and components requirement.

Electrical Work

In order to give a complete service and workable solutions, Orient Eagle made sure to have its own Electrical engineers and electricians.

"Almost all quality improvement comes via simplification of design, manufacturing... layout, processes, and procedures..."

SECURING YOUR BUSINESS

Security Vulnerability

Security Vulnerability Scanning Service:

Cybersecurity is a top priority for just about every organization. With professional services from Orient Eagle you can reduce your IT risk quickly and achieve rapid time to value. From options of periodic health checks and custom services, we enable you to realize the full potential of your investment. Our team goes beyond basic installation services to partner with you, ensuring your success before, during and after deployment.
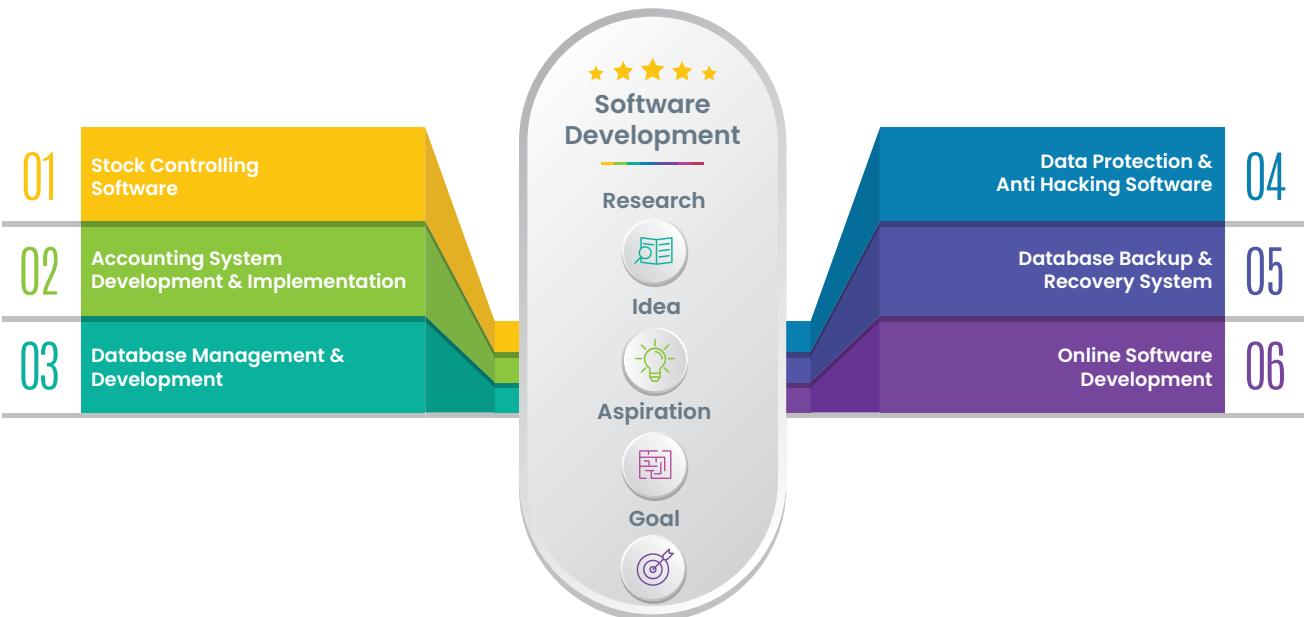

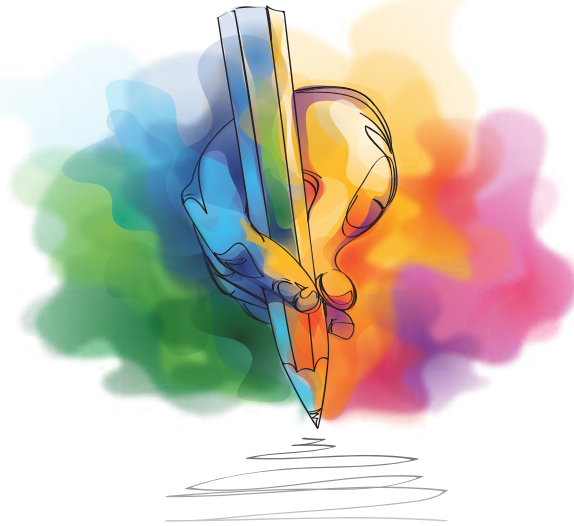

Annual Maintenance Contract (AMC):

AMC (Annual Maintenance Contract) is a distinct service provided by Orient Eagle. This service is also known as a post warranty service. But unlike any other service this service is unique and is customized. We ensure your data security, we provide the replacement of damaged parts with authentic parts and resolve issues related to hardware, software & Networking.

"There are only two types of companies: those that have been hacked, and those that will be..."
